Quick reference guide for Safeguarding Children in Schools

It is everyone's responsibility to keep children safe. In education settings we aim to provide a safe environment and take action to ensure that children and young people are not placed at risk of harm or likely to suffer significant harm.

This leaflet has been given to you to make sure you understand what is expected of you. Please seek advice from the Designated Safeguarding Lead or Deputy.

When and what might I be concerned about?

At any time, you may become concerned about information indicating that a child is being harmed, whether through neglect, physical, sexual, or emotional abuse.

You may observe physical signs, changes in the child's behaviour or presentation, see signs of emotional distress or have a child tell you about a harmful experience or another child might tell you something.

Harm to a child can be caused by:

- A parent/carer
- A family member/friend
- Another child
- A member of staff/volunteer
- A stranger

What should I do if a child shares that they are being harmed?

- Listen
- Do not promise confidentiality
- Report immediately to the DSL or DDSL
- Reassure the child you will seek support for them
- Record the details of what the child has said or you have observed on the schools Record of Concern form

What should I do if I am concerned about member staff/volunteer?

- If your concern is about a staff member or volunteer, you should report this to the **Head Teacher**.
- If your concern is about the Head Teacher, you should report to the **Chair of Governors**.

Contact details can be found on the back of this leaflet.

What must I do?

Recognise

Respond:
inform the DSL/Deputy DSL without delay

Record:
make a written record (using the child's own words), sign and date it

Pass the record to the DSL/Deputy DSL
